<b>SUBJECT</b>	<b>PATIENT FINANCING</b>
<b>PURPOSE</b>	To provide patients with financing options.
<b>POLICY</b>	<p>ePay Healthcare is available to obtain financing option for patients who are unable to pay their medical bills in full.</p> <p>Patients will be advised that financing is available to assist them with paying for healthcare services. This financing is available for out of pocket expenses of at least one thousand dollars, and may be used to pay multiple providers.</p> <p>Physicians Day Surgery will provide the patients email address to ePay Healthcare and they will contact the patient to initiate the process. The financing is between the patient and the financer, and the patient will receive any funds directly. The patient is then responsible to pay any providers directly.</p> <p>This financing is available both before the procedure, or after the procedure.</p>
